### **COMMUNITY NOTICE**

## **Important Service Notice: Weather-Related Delays**

**Dzinisi Guja Tsuut'ina Home Occupants,**

**Due to the recent heavy rainfall, many roads and driveways have become soft and saturated. These conditions have made access difficult and increased the risk of service vehicles becoming stuck. We have already encountered instances of trucks getting stuck in driveways.**

**As a result, water truck and garbage pickup services may be delayed. We are closely monitoring road conditions and will resume regular service as soon as it is safe and feasible to do so.**

**We appreciate your patience and understanding at this time.**

**Siyisgaas (thank you) for your cooperation.**
