

# Hunting Camp

## October 3<sup>rd</sup>-5<sup>th</sup>, 2025

Tsuut'ina CFS and Health and Wellness would like to invite all Nation members to join us for a Community Hunting Camp.

This is a time for us to come together as a community – to share food, teachings, stories, and time on the land. Along with hunting, we will have traditional activities, cultural teachings, and opportunities for all ages to learn and reconnect.

Our camp is not only about harvesting, but about building relationships, passing on knowledge, and spending meaningful time together as a Nation family.

- ▶ Stoney Flats
