## COMMUNITY NOTICE

# All Housing Issues Must Be Reported Through the Proper Channels

### **Dzinisi Guja Tsuut'ina Home Occupants,**

To ensure all housing issues are properly tracked and completed through our electronic system, all calls must go through Public Works during regular office hours or the Housing Emergency After-Hours Line.

**Work Hours (8:00 AM – 4:00 PM): 403-281-0754**

**Emergency After-Hours Line: 587-227-8772**

**Please do NOT contact plumbers, contractors, or managers directly.**

When calls are made outside the proper channels, staff are unaware of the issue that was reported, and the work order cannot be documented or assigned.

Using the correct contact numbers ensures:

- Every issue is recorded
- Staff can respond appropriately
- Work is completed and followed up

Siyisgaas (thank you) for your cooperation in helping us maintain efficient and reliable services.
