# Unacceptable Items in Garbage Bins

---

## Please Help Keep Our Nation Clean and Safe

Dear Residents,

We wish to remind everyone about the significance of proper waste disposal in our community. Certain items are prohibited from regular garbage bins, as they may harm the environment, interfere with waste collection, endanger waste operators, or damage equipment and collection vehicles.

### Items not allowed include, but are not limited to:

- **Hazardous materials (such as paint, chemicals, batteries, motor oil):** Please take paint, used oil, and household batteries to the Transfer Station. Bring other hazardous waste to Cedar Brae Fire Station.
- **Electronic waste (like TVs, computers, cell phones):** If you can transport them, bring these items to the Transfer Station. Otherwise, request large/bulky item pick-up and wait for service.
- **Large appliances and furniture:** Either haul these items to the Transfer Station yourself or call to arrange large/bulky pick-up service.
- **Construction or renovation debris:** Housing should provide a bin if your home is being renovated or bring debris to the Transfer Station.
- **Yard waste (branches, grass clippings) in regular bins:** Use the Transfer Station for proper disposal.
- **Medical waste (syringes, medications):** Dispose syringes in designated sharps containers at the Transfer Station and Health Center. Medications can be dropped off at any pharmacy or Health Center.

Please use appropriate collection programs or designated facilities for these items (including Tsuut'ina Transfer Station, Tsuut'ina Health Center, Pharmacy, and Cedar Brae Fire Station). For further details on proper disposal, acceptable and unacceptable items, facility locations, and special collection options, visit the community Transfer Station and speak with staff, or contact:

Your cooperation ensures our community remains clean, safe, and environmentally responsible. Thank you for your attention.
