◀ ▶ THE CAPTURE OF THE SUN ▶ ▶

A YOUNG MAN ONCE ASKED HIS GRAND-MOTHER FOR SOME SINEW, AND WHEN SHE GAVE IT TO HIM, HE SNARED THE SUN WITH IT. THEN THE SUN REMAINED IN ONE PLACE ALL THE TIME AND THE EARTH WAS DARK. OLD MAN SENT ALL KINDS OF ANIMALS TO TRY AND CUT THE SINEW, BUT THE SUN WAS SO HOT THAT THEY COULD NOT

APPROACH IT. FINALLY A LITTLE MEADOW VOLE REACHED THE CORD AND MANAGED TO GNAW IT IN TWO BEFORE BEING COMPLETELY SCORCHED. THE SUN THEN RESUMED ITS JOURNEY AND HAS CONTINUED IT EVER SINCE, GOING ROUND AND ROUND TO MAKE DAY AND NIGHT.

Tsuut'ina Nation now has ONE(1) confirmed case of COVID-19. COVID-19 is non-discriminatory it does not recognize borders or nationality and despite the best efforts of our workers and citizens the risk of seeing COVID-19 in our community is high.

Our Health team has been diligently preparing for any cases that may occur on the Nation, and have already connected with the individual who is now safely isolating at home. The Nurses at the Health Centre have also begun safety protocol to reach out and contact those who may have come in contact with the individual. Should you be contacted, the process is that you will be tested and will be required to self-isolate for 14 days if tested positive. You can either self isolate at home or if needed at our isolation support center.

Our Nation and our people have made significant sacrifices to protect each other, we must continue to act with the same sense duty to one another to make sure all of our hard work and sacrifices remain effective. Our front-line workers cannot thank you enough for your cooperation.

Our Health Centre is now open to testing for COVID19 to all Nation citizens; an appointment can be booked by calling 403.258.4830.

Chief and Council would like to thank and recognize the Tsuut'ina people for their support and resolve during these very difficult times. It has not been an easy road however due to the dilligence and cooperation of our citizens we have been able to keep our Nation safe for this long and will continue to do. They would also like to thank the Emergency Management Team for all their efforts and wish them safety in the upcoming months.

Relaunch Strategy. More information and links to download the app are online. The app currently has 198,629 registered users.

HELP STAY SAFE WITH ALBERTA'S COVID-19 CASE TRACING APP AB TRACE TOGETHER

What is **ABTraceTogether**?

ABTraceTogether is a mobile app that is being tested by the Government of Alberta to enable community-driven contact tracing to support existing efforts to fight COVID-19.

How does **ABTraceTogether** Work?

- Using Bluetooth, the **ABTraceTogether** app identifies other nearby phones with the app installed for the purpose of detection of high risk individuals
- If an infected person has the app, they will be asked to voluntarily upload encrypted data to Alberta Health Services Contact Tracers. Contact Tracers will be able to use that information to reach the other app users who have had close contact with the infected person, and provide relevant guidance for their and others' safety
- The solution was designed with privacy in mind. No geo-location data is collected, encounter data is stored locally on your phone in an encrypted form, and mobile numbers are never revealed to other app users

Quickly contacting people that may have been infected enables AHS Contact Tracers to:

Provide guidance and care to those who are infected

Limit the spread of COVID-19 by enabling early self-isolation

Accelerate our ability to reopen the economy and move to a greater sense of normalcy

ABTraceTogether is a mobile, community contact tracing app that aims to let you know if you have been exposed to COVID-19, or if you have exposed others. The app hopes to quickly and effectively identify positive cases, while protecting users' privacy, to help prevent the spread. The only data the app stores is your phone number. The more people using the app, the more effective it can be, and the faster various facets of business can get back to regular operations.

ABTraceTogether Journey

HOW IT WORKS: ABTraceTogether uses Bluetooth to keep an anonymous log of other app users you've been in close contact with. Simply download the app, turn on your Bluetooth, and be sure the app is running whenever you go out. The app will detect other phones running the app and connect to make a digital handshake. Your anonymous ID is encrypted, and data generated by the app is stored only in your phone.

Alberta Health Services can call to alert you should you have made a digital handshake with someone who reports themselves infected, and vice versa. The earlier you know you may have come into contact with the virus, the earlier you can stop its spread.

Talk to your friends and family about using the ABTraceTogether App. The sooner we can quickly track cases, the faster we can beat Covid-19.

DID YOU KNOW: **TREATY CARDS** and **STATUS CARDS** are different!

TREATY CARD

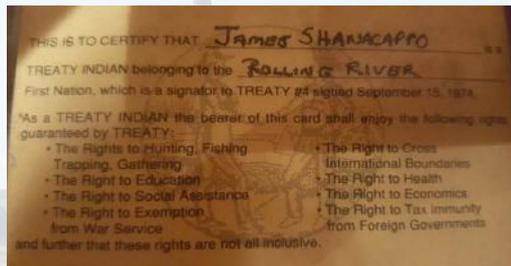

Inherent Right given by Creator

Inter-generational – passed from parent to child

Chief informed the Queen and Canada who his people were and put on Treaty Pay list

Labelled our Treaty rights on the card as agreed on 1763 Royal Proclamation

Ceased on Sept 4, 1951

STATUS CARD

Legislation = Canada’s Indian Act s. 6 defines how a person is entitled to be registered under the Indian Act.

Canada informs the Chiefs who is allowed to be an “Indian” based on regulations. Uses s.35 of the 1982 Constitution.

“The existing aboriginal and treaty rights of the aboriginal people in Canada are hereby recognized and affirmed”

Enacted on Sept 4, 1951

DID YOU KNOW???

Before September 22, 1877

As part of the Dene people we have stories that tell us of Creation, separation from the Dene, lessons learned and warnings of the future. We had traditional laws. These stories are our historical continuity as peoples to the lands on Turtle Island.

Our people collectively had individual responsibilities to ensure that the collective was holistically cared for. Our societies, clans, families ensured that no one starved, sick or went without. Our medicines and food came from the earth, plants and animals. Everything was in harmony.

Our Xakiji, (Head Chief) was raised from birth to learn the ways of the people and to put the collective before himself. He had to make alliances with other Nations to protect our way of life to ensure that the Tsuut’ina had a future. Treaties with other Nations was a way for peace, trade, marriages and security.

Our Xakujaa (Minor chiefs) were heads of the clans, societies, families that would meet with Xakiji to be heard and make a collective decision on matters of the Nation.

It was told to me: that Xakiji would send out his Tosguna (scout) to the Xakujaa to relay messages of importance.

The Xakujaa would discuss with their members and then meet with Xakiji to make the decisions. Xakiji would put forward the collective decision. The Nation would be satisfied.

Dzinisi Guja!

A quick update from the Tsuut'ina Youth Program.

We are currently helping, Darlene Meguinis with a greenhouse project. Early-May, we sent out seed sprouting kits to the community to help us germinate them, the next step is to plant the sprouts in the greenhouse. We encourage, the ones who took the kits to bring the sprouts to greenhouse garden, located at the Bullhead Hall.

Also, we welcome the community to come out to learn these vital gardening skills. This is an invaluable opportunity to learn how to become more self-reliant in this regard. Let's work together, build friendships, while we produce nutritious food for our families.

Of course, due to the Covid-19, we will follow all the safety protocols when meeting for this project. Please contact the Youth Program for more information on date, time, etc.

The Youth Program has some upcoming summer youth projects so stay tuned in.

- Healthy hygiene and hand sanitizing workshop in June.
- Music making workshop, a collaboration with IRIM (Indigenous Resilience in Music) in July.

We are currently hosting Zoom meetings for online movie nights on Monday, Wednesday, and Friday evenings starting at 5:00P.M. We post the links on our Facebook page.

Further, we will be posting daily content to all of our Youth Program social media platforms so make sure you are following us for awesome giveaways, contests, online gaming tournaments, and questionnaires. We want to hear from you guys! What does the youth want to see from our online presence?

Follow us on Facebook @Ttn YouthProgram and Instagram @tsuutina.youth.program to stay updated and connected to us.

Lastly, the community and our staff's safety is a first concern so we are following all of the health precautions while running our program. Such as, limiting the number of participants for projects, practicing social distancing while meeting in person, having hand sanitizer available, our team members wearing masks, and we encourage participants to bring their own mask.

Stay safe,

A message from our returning team members:

Hello everyone. :)

I have returned from my maternity leave. I am so appreciative and happy to be back, especially, during this unprecedented time. I hope you are all staying safe and washing your hands. My son Kai, is turning one on June 7th, and what a lovely first year it has been with him, becoming a new Mother

is truly the greatest blessing, I have ever received. I acknowledge all the devoted parents/guardians, who are raising healthy, happy indigenous children with pride and love!

I am super excited to be back with the Youth Program team.

Happy Summer,
Megan Two Guns

Hello, Tsuut'ina community members. I am finally back from my long educational leave and can't wait to start working with the youth again! Obviously, with the current pandemic situation going on and everyone being stuck at home, I feel it is our main duty at the Youth Program to give our youth the best tools they need to strive

academically and physically, while being at home. The Youth Program will be ever expanding its online presence and is totally open to ideas any youth or community members have, whether it be live streamed PlayStation and Xbox tournaments, youth mental health awareness sessions, online educational games, live Bob Ross style

paintings etc. The possibilities for online interactions is growing every day and we would love to fully explore every aspect.

Please contact me if you have any ideas and/or questions through email @ isagha.eagletail@tsuutina.com or the Ttn Youth Program page on Facebook.

Thanks, have a safe and fun summer!

Tsuut'ina Community Garden is progressing

As we continue to work on the garden, it is coming along excellently and nearly finished, we are at the point where, we just need to water the plants and upkeep the garden. So far, the Garden team has built several raised garden beds, a shed, picnic tables, and a garden field. We have planted all organic seeds and we are using an organic fertilizer. We think it's important to choose organic because we want to avoid chemical pesticides and genetically modified foods (GMO). When you eat organic the food is more nutritious, taste better, and is more eco- friendly.

A big thank you to the garden team for all their efforts, it is paying off!

Upcoming Events

Indigenous Resilience in Music will be doing a free online music workshop July 6-9, 2020 MC by Brett Springchief and an elder will led a virtual prayer, smudge and will share teachings about traditional music. DADANAST'ADA GRADUATING CLASS OF 2020,

ON BEHALF OF THE TSUUT'INA NATION CHIEF AND COUNCIL AND TSUUT'INA BOARD OF EDUCATION, I WOULD LIKE TO SEND A HUGE CONGRATULATIONS TO THE GRADUATING CLASS OF 2020! THE STUDENTS OF TODAY ARE THE LEADERS OF TOMORROW AND WE ARE EXTREMELY PROUD OF ALL YOUR EFFORTS AND ACCOMPLISHMENTS.

GRADUATING HIGH SCHOOL IS NOT AN EASY TASK AND I UNDERSTAND THE MANY SACRIFICES, CHALLENGING LEARNING EXPERIENCES AND HARD WORK THAT HAS BROUGHT YOU TO THIS MOMENT IN YOUR LIVES. NOW IS THE TIME TO LOOK BACK ON YOUR EDUCATIONAL JOURNEY AND CELEBRATE! YOU HAVE EARNED IT AND YOU DESERVE ALL THE GOOD THIS WORLD HAS TO OFFER. MAY THE NEXT CHAPTERS IN YOUR LIVES BE FILLED WITH HEALTH, HAPPINESS, ABUNDANCE, PURPOSE, LOVE, AND PRIDE.

THE YEAR 2020 WILL GO DOWN IN HISTORY AS ONE OF THE MOST CHALLENGING YEARS OF OUR GENERATION. DUE TO THE CORONAVIRUS SHUTDOWNS, SCHOOLS AND BUSINESSES AROUND THE WORLD WERE FORCED TO CLOSE THEIR DOORS, ENTIRE SPORTS SEASONS WERE CANCELLED, AND MANY IMPORTANT TRADITIONS AND MILESTONES WERE EITHER DELAYED OR CANCELLED.

I AM SURE MANY GRADUATES AND FAMILIES FEEL ROBBED OF AN EXPERIENCE AND THAT THIS WHOLE SITUATION IS UNFAIR, AND IT IS UNFAIR. HOWEVER, SOMETIMES WE NEED TO PLAY THE HAND WE ARE DEALT AND DESPITE THE SITUATION, THERE IS STILL PLENTY OF ROOM AND REASON TO CELEBRATE. I WOULD LIKE TO TAKE THIS OPPORTUNITY TO ASSURE ALL GRADUATES THAT YOUR ACCOMPLISHMENTS ARE NOT GOING UNRECOGNIZED AND WE WILL BE CELEBRATING WITH YOU AS SOON AS IT IS SAFE TO DO SO. IN THE MEANTIME, WE WILL MAKE THIS TIME AS SPECIAL AS WE CAN.

MAY CREATOR WATCH OVER ALL THE GRADUATES AND THEIR FAMILIES AS WELL AS OUR NATION. DAGUMISASTIY.

COVID-19 UPDATE

Best Practices Surrounding Status Cards During COVID-19

In response to questions received from First Nations members, citizens, and stakeholders, Indigenous Services Canada (ISC) is proactively sharing information to ensure that registered persons with a status card can access programs, services, rights and benefits during the COVID-19 pandemic.

All ISC offices for Indian status and secure status card applications are closed until further notice. Processing times, including return of original documents, are delayed.

In light of these circumstances, ISC is recommending to service providers that they should accept status cards or [Temporary Confirmation of Registration Documents \(TCRDs\)](#) past the renewal date with a second piece of identification. ISC will be reaffirming to businesses and service providers that Indian status does not expire, and that the registration number provided on these documents remains the same and is what is required to confirm eligibility for programs and services.

It is recommended to share this notice with your members, so that they have a copy accessible to them to show services providers in the event there are difficulties.

For more information, please visit [Coronavirus \(COVID-19\) and Indigenous communities](#) or email the [Public Enquiries Contact Centre](#).

Infection Prevention and Control (IPC) Guidelines for the Repackaging, Storing and Distribution of Non-Medical Face masks

This document is intended to support you with IPC principles and guidelines as they relate to processes required to prepare non-medical face masks (masks) for distribution to Albertans as a response to the COVID-19 pandemic.

Note: Extra masks should remain in the original plastic packing bag, secured and placed back into the mask box for later use.

Environmental Guidelines

- Internal boxes of masks should be removed from larger external corrugated boxes, if possible, at point of entry into the restaurant.
- Designate an area away from food preparation to perform the repackaging process and to store the prepared packaged masks.
- Designated repackaging area must:
 - Have a hard surface (i.e. counter/table) that can withstand cleaning and disinfection with a Health Canada approved disinfectant.
 - Have enough space to perform the packaging activities.
 - Allow for compliance with workplace guidelines for COVID-19 prevention.

IPC Principles for the Repackaging Process

- » Personnel must be dedicated to repackaging of masks for the entire repackaging session.
- » Hand hygiene means washing hands for 20 seconds with soap and water or using alcohol based hand sanitizer (minimum of 60% alcohol) for 20 seconds. When hands are visibly soiled, wash with soap and water.
- » Masks must only be handled by the ear loops - The inside/ outside of the mask must never be touched.
- » Do not wear gloves during the repackaging process.
- » Personnel must wear non-medical face masks during the repackaging process.
 - See instructions on how to put on your own mask at <https://www.alberta.ca/prevent-the-spread.aspx#p25621s4>

Steps for Repackaging-Two People X and Y (Ideal)

1. Clean and disinfect repackaging surface.
2. X and Y perform hand hygiene.
3. X and Y prepare supplies (masks, bags and labels).
4. X opens box of 50 masks, removes and opens bag of masks.
5. X performs hand hygiene.
6. X removes 4 masks by the ear loops and places into plastic bag held open by Y.
7. Y folds the plastic bag opening so masks are secure and flat and then seals with the label.
8. Y places prepared packaged masks in a designated storage space until needed for distribution.
9. Repeat steps 6, 7 and 8.
10. When more supplies are needed (i.e. a new box of masks, bags or labels) repeat steps 2, 3, 4 and 5.
11. For each new session of repackaging masks repeat step 1.

Note: If at any time during steps 6, 7 or 8 person X or Y's hands come into contact with anything other than the masks, bags or labels hand hygiene must be performed.

COVID-19 INFORMATION

MASKS FOR ALBERTANS**GAP DISTRIBUTION PARTNERS****Issue:**

On June 8, the Government of Alberta began distributing non-medical face masks to Albertans as part of its COVID-19 relaunch strategy. These masks are available through corporate partners A&W, McDonald's and Tim Hortons locations with drive-thrus. Government is working with municipalities without easy access to one of the drive-thrus, First Nations communities, Metis Settlements, and local agencies to get masks to Albertans.

Key Messages:

- This is a Government of Alberta program. Distribution partners are supporting the Alberta government to help provide masks to those who can't access a drive-thru so as many Albertans as possible can safely get their masks while maintaining physical distancing.
 - The masks are not mandatory; they are an option for situations where maintaining a physical distance of two meters is not possible.
 - These are non-medical face masks and are suitable for use in situations like public transit and grocery shopping.
 - Every Albertan is eligible for an allotment of four masks. Visit alberta.ca/masks for more information.

Pick-up Prompt:

“How many people are you requesting masks for?”

Question and Answers – Anticipated questions from Albertans

When in doubt, please direct customers to alberta.ca/masks for more information.

Q: When are masks available, and what kind of masks are you handing out?

A: The Government of Alberta began distribution on June 8. Government is providing three layer non-medical face masks with ear loops intended to filter germs and pollution particles.

MAY 31
 HAPPY BIRTHDAY WEA BIG CROW
 LOVE AUNTY RAY & BOYS"

In memory of my late sister Lisa Starlight our family has been doing a \$1000 scholarship for an outstanding Tsuut'ina post secondary student who studies outside of the province. Since her passing in 2009 our family have been determined to keep her memory alive and have hosted numerous memorial events, feasts and now this scholarship which we started in 2015. We

also re branded our Tourism company and built a facility which we named Brown Bear Woman Events (her traditional name)

My sister attended school in Toronto for Theatre at the Center for Indigenous Theatre and later completed her broadcasting certification in Winnipeg. She loved the arts and she was proud of our peoples history and culture. She represented indigenous people as the Calgary Native Friendship Center Princess, the first Aboriginal Peer Youth Representative for the Western Region of Canada and the Calgary Stampede Indian Village Princess, she also traveled the world showcasing our peoples rich history.

This year is unique but it has not stopped our people from moving forward and persevering. This year we would still like to acknowledge a student because in spite of this pandemic we need to celebrate the good our indigenous people are doing and continue to encourage our post secondary students to continue in their educational journeys.

The Starlight Family would like to acknowledge Lakota DodgingHorse as this years recipient. She is currently studying Animation and Narrative Studies at the University of Southern California. Her dream is to use her education to create projects that inspire other First nation youth to pursue their dreams, while also educating society on our history, culture and values.

Congratulations Lakota on behalf of the Starlight Family. May Creator continue to bless you and keep you safe during these uncertain times.
