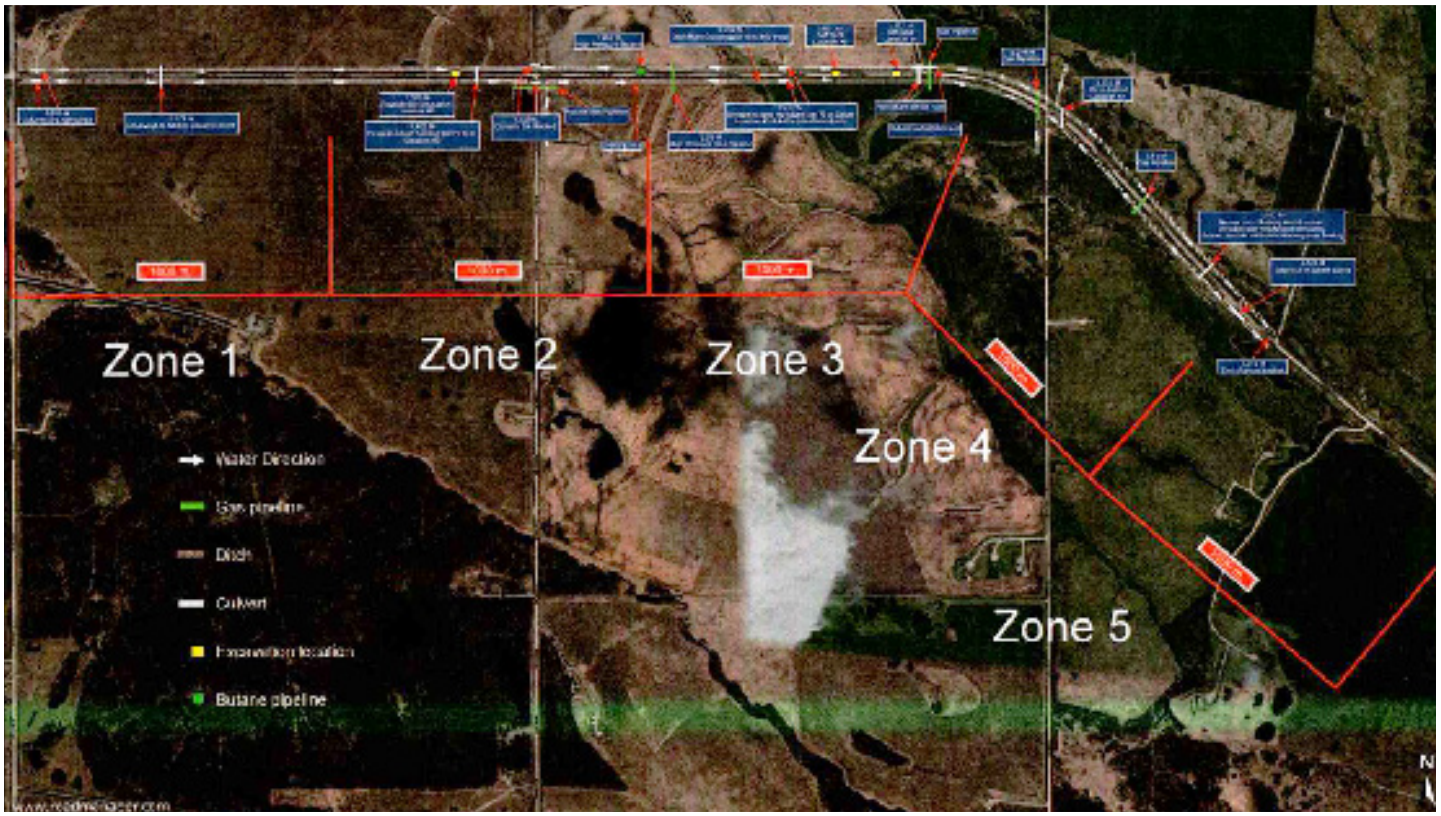
Road Rehabilitation Project

SIX MILE COULEE

Please be advised **starting May 12th, 2025**, the Tsuut'ina Roads Maintenance Program will begin work from **Poplar Bluff Road and proceed eastward across four zones to Big Plume Road.**



During the construction there will be road closures and detours which will be announced once we get closer to our start date. We will keep the community informed as the project progresses.

Apologies for any inconvenience this may cause.
Your cooperation and understanding are greatly appreciated.
