

Title: Infrastructure (Water & Sewer) Pipe Layer Helper

Description: Thompson Construction Group has immediate openings for Water and Sewer Pipe Layer Helpers supporting our Infrastructure division's land development and subdivision projects in the Edmonton area.

Responsibilities:

- Assist pipe layer in general duties associated with laying pipe: cleaning and soaping pipe, ensuring alignment, barring in larger diameter pipes, etc.
- Monitor connections as they are pushed together paying special attention to rubbers and joints, ensuring adequate connection
- Monitor and ensure backfill of installed pipe
- Participate in daily safety meetings and adhere to all company safety policies and procedures
- Report all incidents, near misses, and equipment damage to site supervision
- Maintain effective communication with supervisors and crew members
- Work collaboratively as part of a construction crew to meet project timelines

Qualifications:

- Minimum 1 year of experience in the water and sewer industry
- Minimum 18 years of age
- Reliable transportation to and from site
- Ability to work extended hours, including up to 12 hours per day, Monday to Saturday
- Valid Class 5 Driver's License is considered an asset
- Ability to perform physically demanding work in an outdoor construction environment

Additional Information:

The above statements describe the general nature and level of work being performed by individuals assigned to these positions. They are not intended to be an exhaustive list of all responsibilities, duties, or skills required. Employees may be required to perform duties outside of their normal responsibilities from time to time, as needed.

These are temporary, full-time positions based in the Edmonton area and are project specific. Employment duration is dependent on project requirements and operational needs.
