

**Job description:**

Thompson Construction Group has immediate openings for Water and Sewer Labourers supporting our Infrastructure division's land development and subdivision projects in the Calgary area.

**Responsibilities:**

- Assist in all general labour activities on site including backfill, pumping water, use of plate tampers and jumping jacks and general housekeeping
- Assist pipelayers and equipment operators with installation of water and sewer infrastructure
- Assist with trench preparation, bedding, backfilling, and compaction
- Assist with pipe handling, connections, fittings, and general underground utility work
- Assist with dewatering and maintaining dry work areas
- Load, unload, and move materials, tools, and equipment around the job site
- Use hand tools and small equipment as required
- Participate in daily safety meetings and adhere to all company safety policies and procedures
- Report all incidents, near misses, and equipment damage to site supervision promptly
- Maintain effective communication with supervisors and crew members
- Work collaboratively as part of a construction crew to meet project timelines

**Qualifications:**

- Minimum 1 year of similar work experience required
- Reliable transportation to and from site
- Ability to work extended hours, including up to 12 hours per day, Monday to Saturday
- Valid Class 5 Driver's License is considered an asset
- Ability to perform physically demanding work in an outdoor construction environment

**Additional Information:**

The above statements describe the general nature and level of work being performed by individuals assigned to these positions. They are not intended to be an exhaustive list of all responsibilities, duties, or skills required. Employees may be required to perform duties outside of their normal responsibilities from time to time, as needed.

These are temporary, full-time positions based in the Calgary area and are project specific. Employment duration is dependent on project requirements and operational needs.
