Invitation to Attend Tsuut'ina Nation Council Sessions

October 1, 2026

A Chance to Attend Our Nation's Council Sessions

On behalf of Xakijii Uwa Xakujaa Yina, I want to share an opportunity for our people to attend Tsuut'ina Nation Council sessions this October. Tsuut'ina, like other governments, would like to open their Council meetings to the public and I believe our own citizens should have that same opportunity: to see how decisions are made on our behalf, and to be present in the room where our future is discussed.

Why This Matters

Governments across this land hold their Council meetings openly — members of the public can sit in, listen, and see how decisions get made on issues that affect them. Our own Nation's Council sessions matter just as much to our people and being present as observers is one way to stay informed and connected to what happens at that table.

When and How to Attend

- Please confirm the exact date, time, and location for the October session(s) with the Nation's administration or Council office.
- Community members are welcome to attend as observers; find a seat in the area set aside for the public.
- If a session allows public comment or has agenda items open to community input, check with the administration office on how to register or submit something in advance.
- If any sessions are livestreamed or recorded, ask the office for that link as an alternative way to follow along.

Please Be Mindful and Respectful

Just as the City of Calgary expects everyone in its Council Chamber to treat one another with dignity, we should hold ourselves to that same standard when we take part in our own Nation's governance:

- Treat our Xakijii, Xakujaa, staff, and fellow community members with respect, even when opinions differ.
- Keep to the area set aside for observers and stay quiet while Council is in session.
- Follow any direction given by the Chair or Nation staff running the meeting.
- No recordings, pictures or outbursting comments
- Save comments and reactions for outside the session — it isn't the place to interject from the gallery.
- Remember that how we carry ourselves in that room reflects on all of us as Tsuut'ina people.
